AMERICAN

CREW

Official Supplier to Men™

Male Grooming

American Crew continues to lead the way in the men's grooming business. Many neighbourhood barbers disappeared during the 80's and were replaced with salons catering primarily for women, but times have changed and men are back! American Crew recognizes the growing number of men that are concerned with their appearance and who want to look their very best. This trend of image-conscious men spans all ages and backgrounds.

American Crew have a range of stylish products specifically designed to create a masculine look every day. At holmlands one of our dedicated team will be on hand to demonstrate how to maintain the look each day or night with a full range of retail products @ holm.

Microdermabrasion

Skin Tech uses wheatgerm crystals drawn from the finest wheat embryo. The crystals used are 100% organic and natural. While the exfoliation of skin cells takes place, the crystals also feed the skin with vitamins A, B, C and E. A must have treatment for minimising the appearance of fine lines, wrinkles, scarring, pigmentation, acne, dull skin, uneven skin tone and sun-damaged skin. Microdermabrasion can also be used on other areas of the body, like hands and chest to help signs of ageing.

Single Treatment	30 Minutes	£27.00
A Course of 4		£80.00
Singe Treatment followed by Decleor Moisture Quench Facial		£60.00

Epiderma 5 - Skin Peel

A glycolic peel is a cosmetic procedure used in the beauty industry to renew and recharge the skin surface. A superficial exfoliation removes the top layer of skin, improving condition and texture. This triggers the production of new collagen and elastin whilst re-hydrating ageing skin. With remarkable instant results, the skin is left visibly smoother, brighter, refreshed, even, pumped, radiant and more youthful. This treatment also helps with acne and facial scarring and can be done in less than 30 minutes with noticeably visible results.

Single Treatment30 minutes £39.00
Course of 6 Treatments £185.00

Derma Roller - Microneedling

Microneedling now leads the way in skin rejuvenation. Rolling the skin with tiny needles will produce a very mild degree of trauma. This trauma causes the skin to heal itself, creating new collagen & epidermal growth factors in abundance.

- Improves texture and tone
- Minimises pores, fine lines and wrinkles
- Tightens, firms, plumps and hydrates
- Accelerates skin regeneration
- Increases product absorption
- Improves acne scarring and pigmentation
- Achieves clearer, smoother, brighter skin
- Stimulates epidermal growth factors
- Creates new collagen cells

Single Treatment £150.00
Course of 3 Treatments £380.00
